HIGH SCHOOL

## RSHE/PSHE POLICY

<b>Name of Publication</b>	PSHE/RSHE Policy (Draft)
<b>Date of Issue</b>	September 2020
<b>Responsibility for Reviewing Plan</b>	RMY
<b>Date to be reviewed</b>	September 2021

## **Background**

Selston High School family of schools consists of: Brinsley Primary School, Selston CE Infant and Nursery School, Holly Hill Primary and Nursery School, Bagthorpe Primary School, Underwood CE Primary School, Westwood Infant School, Jacksdale Primary School and Selston High School. Selston High School is an 11 to 16 school serving Selston and surrounding areas. There are currently over 850 students on roll. We have students from a range of ethnic backgrounds including African-Caribbean, dual heritage (white/African-Caribbean), white British and some students who have English as a second language. Some students are eligible for free school meals. We have a range of abilities within the school, including students with additional needs; gifted and talented, autistic spectrum, ADHD, dyslexia and statement students. Selston is part of the Two Counties Trust, a Multi-academy Trust

## **Rationale and Ethos**

From September 2020, Relationships Education will be compulsory for **all** pupils receiving primary education and Relationships and Sex Education (RSHE) compulsory for **all** pupils receiving secondary education. Health Education will also be compulsory in all schools except independent schools. PSHE continues to be compulsory in independent schools.

As a school we wholeheartedly support the philosophy of RSHE and believe it is best taught as part of PSHE lessons and enrichment. The programme seeks to promote the spiritual, moral, cultural, mental and physical development of pupils as well as preparing them for the opportunities, responsibilities and experiences of adult life in a digital age.

Relationships and health education is compulsory in all primary and secondary schools, sex education is currently **not** compulsory in primary school, however the DfE continues to recommend that all primary schools should have a sex education programme that is tailored to the age and maturity of the pupils.

As part of the Education Act 2002/Academies Act 2010 all schools must provide a balanced and broad-based curriculum which promotes the spiritual, moral, cultural, mental and physical development of pupils at the school and of society, whilst also preparing pupils for the opportunities, responsibilities and experiences of later life.

All schools are required to comply with relevant requirements of the Equality Act 2010 and should pay particular attention to the Public sector equality duty (PSED). Under the provisions of the Equality Act, schools must not unlawfully discriminate against pupils because of their age, sex, race, disability, religion or belief, gender reassignment, pregnancy or maternity, marriage or civil partnership, or sexual orientation (collectively known as the protected characteristics). All schools must ensure that RSHE is accessible for all pupils and should comply with the SEND Code of Practice.

Whilst as a school we are aware we need to be mindful of and respectful to a wide variety of faith and cultural beliefs, and we will make every attempt to be appropriately sensitive; equally it is essential that young people still have access to the learning they need to stay safe, healthy and understand their rights as individuals.

We acknowledge that all young people deserve the right to honest, open and factual information to help better form their own beliefs and values, free from bias, judgement or subjective personal beliefs of those who teach them.

### **Policy development process**

This policy was formulated and will be reviewed each year in consultation with the whole school community with input from.

- Members of staff – though regular agenda items at staff meetings, consultation documents, surveys
- Governors – discussions at governor’s meetings, training
- Parents/carers – parents will be encouraged to contribute by taking part in written consultations, parent meetings
- Children – pupils contribute to the development of the policy through the school council, circle time discussions etc.
- Other partners – visiting external providers in school; health, police, wider community, faith groups and the Two Counties Trust

This will ensure that the RSHE curriculum continues to meet the needs of pupils, staff and parents and that it is in line with current DfE advice and guidance

### **Parental rights to withdraw**

We are committed to ensuring that the education provided to pupils in relationships education / RSHE is appropriate to the age of pupils and compliant with the requirements of the Equality Act 2010.

Parents have the right to request that their child be withdrawn from part or all, of the sex education delivered as part of statutory RSHE. Any such request should be submitted to the Headteacher. The Head teacher can then discuss the request with parents and, as appropriate the child, to ensure that their wishes are understood and to discuss with parents the benefits of receiving this important education and any detrimental effects that withdrawal might have on a child. Only in exceptional circumstances will the school not respect the parents’ request to withdraw the child, up to and until three terms before the child turns 16. At that point, if the child wishes to receive sex education rather than be withdrawn, the school should plan to provide the child with sex education during one of those terms.

### **Roles and responsibilities**

**The Head teacher (Mr Paul Halcro)** – has overall responsibility for the policy and its implementation and liaising with the governing body, parents/carers, LA and outside agencies and in identifying a lead teacher who will work closely with colleagues in related curriculum areas to complement and not duplicate content.

**The Lead teacher (Mr Ross McKinlay)** will take responsibility for;

- Policy development and review involving pupils, staff, governors, parents/carers and relevant partners
- Implementing the policy and monitoring and assessing its effectiveness in practice
- Ensuring evaluation takes place and that this informs policy review
- Assessing and coordinating training and support for staff and parents/carers where appropriate
- Manage all aspects of the RSHE programme developing curriculum materials where appropriate
- Liaise with external agencies to deliver specific elements of the programme

- Monitor and quality assure the programme to ensure continuity and progression within the spiral curriculum
- To ensure that this subject is fully represented at appropriate curriculum and pastoral meetings

### **1. Aims and objectives**

The aim of RSHE is to help children build healthy friendships and positive relationships in an age appropriate way. The overall objectives of the RSHE curriculum are concerned about raising awareness of attitudes and values, developing personal and social skills and promoting knowledge and understanding. RSHE covers more than biological facts and information. It endeavours to help children develop self-esteem, self-responsibility as well as the acquisition of understanding and attitudes which prepare children to develop caring, stable, healthy relationships. Appreciation of the value of self-respect, dignity, marriage, civil partnership and parental duty should be encouraged in all pupils together with the sensitivity to the needs of others, loyalty and acceptance of responsibility. RSHE will look at aspects of diversity in an inclusive and non-judgemental way.

### **2. Staff training**

RSHE can be a sensitive issue and teachers may welcome support and training. Provision will be made available for teaching staff to clarify legislation, curriculum requirements and to consider appropriate teaching approaches and materials. The school will support the use of visitors from outside, such as health professionals, police and voluntary sector, and other organisations to provide support and training to staff teaching RSHE.

### **3. Curriculum design**

#### **The RSHE curriculum will be taught through**

Specify here how RSHE will be embedded across your curriculum, this may be through;

- Spiral curriculum
- Drop Down days
- PSHE/ RSHE lessons
- External providers
- Taught by Dedicated school staff
- Topics in subjects across other subjects
- Taught by Pastoral staff
- Via the enrichment program in year 7 and 8

The programme will be delivered to all students by;

- Classroom teachers and form tutors
- Some dedicated selected staff supported by a variety of professionals, including where appropriate, the school nurse, police etc, with expertise in specific topic areas.
- The RSHE curriculum is organised in a spiral curriculum which develops themes/topics, taking into account the age and maturation of the children. This means that topics are revisited in greater detail as students get older
- Lessons are delivered to mixed-ability teaching groups
- A variety of teaching and learning styles will be used to ensure effectiveness and differentiation.

- Parents have the right to request withdrawal from all or part of the sex education element, but not from the biological aspects of human growth and reproduction that is part of the National Curriculum science.
- The teacher will discuss and establish 'ground rules' at the beginning of every lesson, or sequence of lessons, which will enable everybody to discuss openly and honestly without fear and embarrassment or judgement
- All teachers will endeavour to create a supportive environment for all pupils
- Pupils are regularly informed of who can offer confidential support and where they can access sexual health services
- Local data will be used to inform priorities for the school's RSHE programme – such as schools health profile
- Across all key stages, students will be supported with developing the following skills.
  - Communication – speaking and listening, including how to manage changing friendships, relationships, and emotions
  - Recognising and assessing potential risks
  - Assertiveness
  - Seeking help and support when required
  - Informed decision making
  - Self-respect and empathy for others
  - Recognising and maximising a healthy lifestyle
  - Managing conflict
  - Discussion and group work

#### **4. Content – Secondary**

We will continue to develop knowledge on topics specified for primary as required and in addition cover the following content by the end of secondary;

- Families
- Respectful relationships including friendships
- Online and media
- Being safe
- Intimate and sexual relationships including sexual health

In addition to the above, it is important for children to know what the law says about sex, relationships and young people. Teaching about the following will help pupils know what is right and wrong in law, but also provide a good foundation of knowledge for deeper discussions about all types of relationships. Pupils will be made aware of the relevant legal provisions when relevant topics are being taught, including.

- Marriage
- Consent, including the age of consent
- Violence against women and girls
- Online behaviours including image and information sharing (including 'sexting', youth-produced sexual imagery, nudes etc)
- Pornography
- Abortion
- Sexuality
- Gender identity

- Substance misuse
- Violence and exploitation by gangs
- Extremism/radicalisation
- Criminal exploitation (for example, through gang involvement or 'county lines' drugs operations)
- Hate crime
- Female genital mutilation (FGM)

### **Physical health and mental wellbeing**

Building on what pupils have learnt at primary school, teaching will focus on enabling pupils to make well-informed, positive choices for themselves. They will be taught about the impact of puberty, understand the physical and emotional changes and how these may impact on their wider health and wellbeing and what steps they can take to support their own health and wellbeing. By the end of secondary school pupils should know more about.

- Mental wellbeing
- Internet safety and harms
- Physical health and fitness
- Healthy eating
- Drugs, alcohol and tobacco
- Health and prevention
- Basic first aid
- Changing adolescent body

### **5. Managing difficult questions**

It is inevitable that controversial issues may occur as part of RSHE, such as divorce, rape abortion, pornography etc. the issue will be addressed with sensitivity and at a level appropriate to the age group and developmental stage and will take in to account any additional SEND, in an objective manner free from personal bias. Consideration will be given to the potential for small group or 1-1 discussion for specific questions to be discussed. Account must be taken of different viewpoints such as different religious beliefs. Discussion should be set within the legal framework and students made aware of the law as it relates to these issues. Students are made aware that some information cannot be held confidential, and should understand that if certain disclosures are made, certain actions will ensue. At the same time students will be offered sensitive and appropriate support.

### **6. Monitoring, evaluation and review**

To ensure the RSHE programme is effective, is meeting the needs of pupils and complies with the RSHE statutory guidance, the following strategies will be used to quality assure the programme of study.

- Evaluation self-review from pupils after specific topics or at the end of a key stage
- Comments from pupils
- Student voice
- Student Council
- Whole class discussions
- QA of lessons via learning walks

This policy is reviewed annually by the governing body who will monitor the application and outcomes of this policy to ensure it is working effectively

#### **7. Confidentiality and child protection**

It is inevitable that effective RSHE which allows for open discussion to take place may lead to disclosures from pupils. It is essential that those teaching RSHE are completely familiar with the child protection procedures. Pupils disclosures or suspicion of abuse must be followed up with the pupil concerned, that same day and referred to the designated safeguarding lead, and if not present their deputy. They will deal with these disclosures or suspicions in line with Selston High Schools child protection policy.

#### **8. Links with other policies**

The RSHE policy should be read in conjunction with the following policies.

- Safeguarding (including Peer on Peer Abuse)
- Behaviour
- Anti-bullying
- Online safety and Staff/Student Acceptable use policies
- SEND (and Inclusion)
- Sex Education
- Equality and Diversity
- Complaints Procedure
