

# Selston High School

## School Transport

(September 2020)

Please see below details of the services which will be operating as from September 2020, including pick up and drop off times, along with fares. In order to keep students and bus drivers safe during the current COVID pandemic, the following procedures will operate as from September 2020.

- Students should respect social distancing whilst waiting for buses to arrive.
- No change will be given by the bus drivers so the correct fare must be presented when boarding the bus.
- All students must use the hand sanitiser provided when boarding the buses.
- Face coverings must be worn by all students whilst travelling on the school buses.
- All students will have allocated seating sections on the buses depending on their particular year group, which they must strictly adhere to. There will be no standing allowed whilst the bus is moving.
- Whilst there is not an expectation that social distancing can take place on the buses, students should sit on a double seat on their own, if space allows this. Due to the large number of students likely to be using these services it is not expected that this will not happen on a regular basis.

**(We reserve the right to refuse to carry any students who do not follow the above procedures)**
